Soon there will be a battle with Daboros
Wait for me
No one can predict that how they are in the sealed dimension right now.
After the battle between gods and demons the demons were sealed in another dimension
Sion !
What ?!
I can not let you die
I am not sure what will happen.
and

Nothing
What's wrong, Sion ?
These accessories are so cute ~
Are you interested in these ?
They are so shiny
No, it's all right
I am supposed to a guy I don't need those Why
I think this design will suit you well.
I ns st
Why don't you try it on?

OOF!
Why don't you present it to your lover ? It suits well for her.
Huhuhu...
Woman ! Don't you get close to me !
But
Hmm
Looks like this town specializes in crafting amulets
There are many with holy powers around here
This one is not bad
NO
www.jannes.com

I hate all of you !
Lapra !

Erc !

Ah? Yes !
Somebody please stop Lapra !

Are you l sten ng to me ?
We have to save our strength and keep our condit on to top !

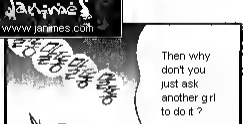
Geez

Don't meddle n other s bus ness !
We w ll be go ng to an unexplored d mens on soon !

www.jaranes.com

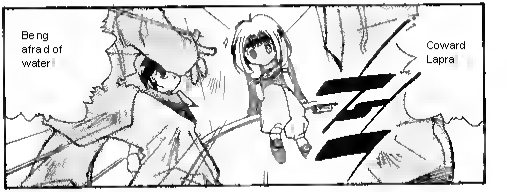
No ?
Then why did you
convince you ?
But it s too much for me !
I know you were sent by the grandpa and came here to convince me
I am afraid so
At the last stage we wait until two silver moons raise and meet
And then we pray for Moon Goddess Peru after showering with holy water
And then we imbue the amulets with holy force
Can't produce amulets ?
Actally Lapras

www.janimes.com



Lately ... monsters have been roaming around near here and the number of traveling monks and priests were seriously reduced.
The only ones left in this town are Lapra and the headman's daughter, Nel.
In order to purify the amulets, we need a female with a high holy force.

not l sten ng to me and her mother anymore and try to solate herself from others
Even though they are the same age
Compared to Nel my ch ld s



Be ng afra d of water
Coward Lapra

Coward has no r ght to yell
Stop it

My mom told me
that you are a fa lure

who are those k ds?

Who are you ?
Strange clothes you must be from other town If so you better stay away from Lapra !
Stop it ! You are mak ng her uncomfortable !
Er c
Nel s cute and kind But Lapra s
That s not true !
She s a failure !
She s a loner ! She can't even face people stra ght and speak !
You don't know anyth ng !
Why are you on the coward s s de ?
Why are you say ng that ? Do you really know her ?

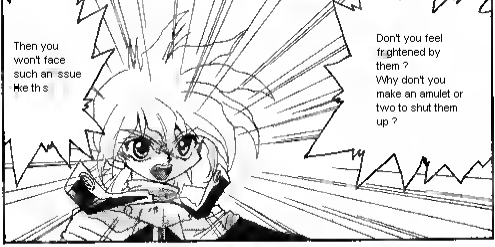
www.janmes.com

Let's run for it !
Wait for me !
No way is there a ghost
Don't come any closer !
It s a ghost !
?
Huhu ..., I used my magic for nothing

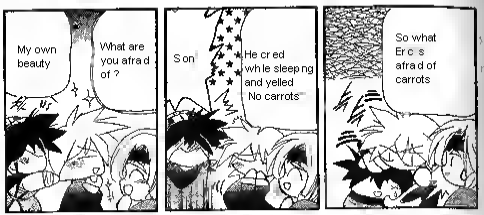
It's the basis of a hero.
Why are you always on high places when making a big entrance?
Sion
Friend of yours ? and a wizard?
Guilt ruining my mood
What ! a hero s afraid of height ?

Hey, you - !

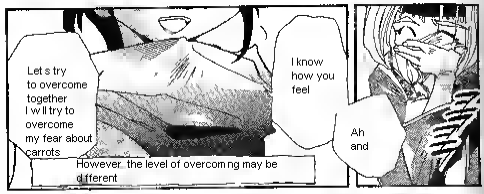
Then you won't face such an issue like th s
Don't you feel frightened by them ?
Why don't you make an amulet or two to shut them up ?



And then everyone was
When I was a child I fell into a deep water Since then I became afraid of water
You guys don't know anything
You guys were went by grandpa right ?



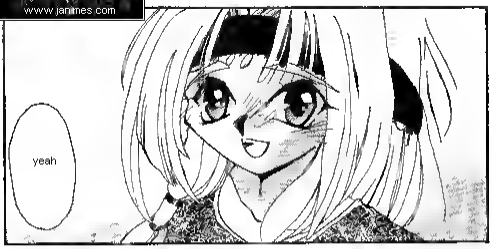
My own beauty
What are you afraid of ?
Son
He cried while sleeping and yelled No carrots
So what Eric's afraid of carrots

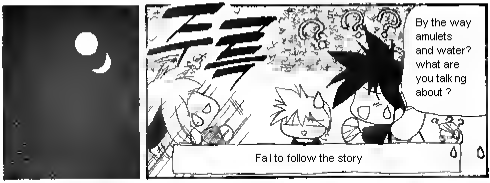


Let s try to overcome together I will try to overcome my fear about carrots
However, the level of overcoming may be different
I know how you feel
Ah and

Please?
Let s try together

www.janimes.com





Because Lapra has been refus ng to perform the ceremony. the v llagers are nervous
After all the amulets are the r only ncome

Lapra tried to keep up with their expectation, but she failed to do so for being too young.
And the villagers ignored Lapra's feelings and put more pressure on her shoulders.
That's correct
What ? Son's young too
So that's how it was

Will Lapra be all right?
Don't worry.
Yes
She d idn't have the courage to overcome her fears toward water
You did it ! Congra-tulations !
She did it !
Lapra !
Her courage was boosted by your words...

www.janimes.com

The next day
I m sjudged you
I heard you got over the water th ng
Ah thanks
My good grand daughter
Oh my good daughter
Ah Lapra
papa I w ll br ng th s to the s de
Why ? Huh?
I know you d sl ke women But why d d you help her act vely this t me?
Out that You are go ng to lengthen my cheek!
By the way
Good for her

I thought there would be a town here. But it's a green field.
Th s s Eb s ?
Is your brith day the 7th day of Heniel moon ?
Yeah why ?
In order to open a gate to another dimension, an immense amount of mana is required.
So I am creat ng a mag c c rcle that w ll borrow power from moons
moons ?

Janimes
www.janimes.com

Episode 21 : night of silver moons, part 2

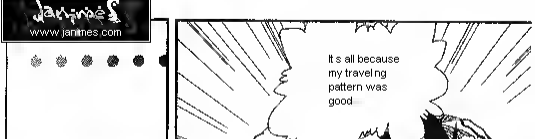
You do know that there are two moons in our world.
Ahah
So, we have to activate the magic circle on the day of Ebis where the two moons collide each other.
The two moons paths and mana have a very close relationship.
If we fail we will end up being left between dimensions So we have to be careful
And we also have to calculate our dates of birth and the paths of moons
We will have to calculate the exact time where most of mana could be extracted
"sob"
Sorry for giving too much pressure to your brain

In another word, someone like me who is so smart handsome, and wonderful can only cast this spell
So that was his point in explaining

Janimes
www.janimes.com

Don't they ever feel nervous?
All r ght—
We still have a lot of time
It s lunch t me
We are lucky that we can get there ton ght
Yeah, I bet there are only few chances n a year
I prepared some food wh le we were n town s nce we are go ng to another d mens on
It tastes good g ve me another
Er c we are not on a p cn c

janimes
www.janimes.com



Come to th nk of it how many years has it been s nce I laughed from heart ?
HAHA HA!!
Oh yeah ?
S on I th nk you ve changed s nce we f rst met
Yeah I When I f rst met h m
I don't l ke you ether
When I f rst met you you were totally uncontrollable and was so self sh and wh ny I d dn't l ke you

"So be thankful"
And then he said I let you help me"
I saved Son when he was being attacked by a monster
It was surprising when I first met Rem also
Everyone in the village was afraid of a light in a forest nearby.
And it turned out to be a small fairy
Ye ye, whatever.

– A lot have happened so far.
A lot of events and there were sad t mes
If I stayed n the forest I would have not exper enced all th s

Jaxmes
www.jaxmes.com

that I met Son and traveled with you
Well that s about it
But
What I enjoyed the most while on the journey was
My misfortune began as I met Son
Hehe
While on the journey ... huh.

There was a town where the villagers were afraid of a strange light,
We could have helped, but it was something the villagers should have solved by themselves.
Outsiders like us shouldn't have meddled
Bes des it was the only town with problems like that
And we had a goal
Defeat Daboros and restore the peace over the world as soon as we can
But then she
meddled in every small events
If I can solve I want to help them

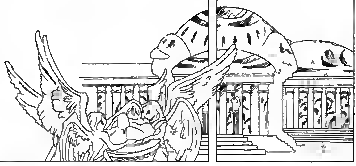
So that I can get nformat on about the anc ent cutures and languages

So I d d not bel eve that the tale was true I rather focused on m nor deta ls n the tale

The tale was created by humans wth creat ve thoughts and rumors

And at the shr ne

The legend and tale about a stone



And there is another ....

At Adbis ....

But then she so bel eved n the tale

I am gett ng restless

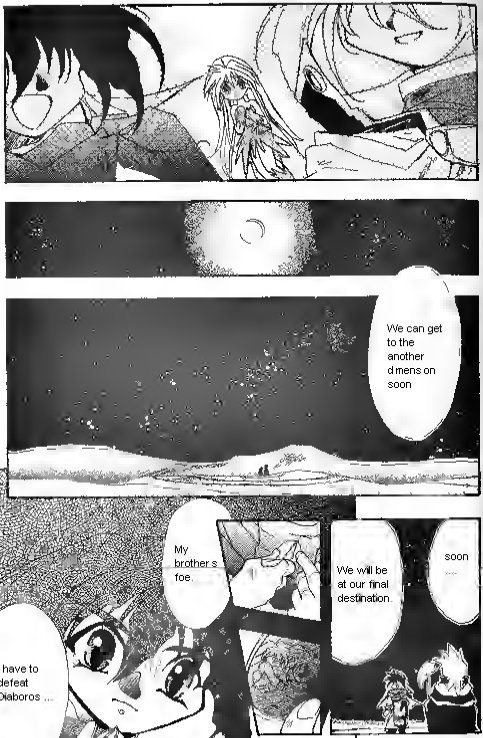
Well n the end the tale turned out to be quite true wasn't completely true though

www.janimes.com

However, in the end, they did not see me as a prince, but as a wizard.
At first I tried to be respected as the prince of the country
Adbis is a sacred country. Their concept of magic was completely opposite from wizard's concept of magic.
Even the king
I accepted the reality. It was not possible to change everyone's concept of magic that has been passed down for generations to 180 degree
I accepted and at the same time gave up
Geez
That was such a bull shit
And then Eric's Son's Son will make this country beautiful

What s it Son? You are grnnng
And the nc dent about a woman back n the town not long ago
What s it with you ? D d you want to see my cute face ?
Hey
We have to stand on the spot now
Th s s not tme for recall ng memor es
Espec ally after Adb s
Yeah it was that face
That s the face wh ch made me th nk that S on changed.

Jaranes
www.janmes.com

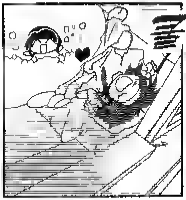


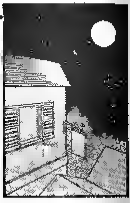
We can get to the another dimension soon
My brother's foe
I have to defeat Diaboros ...
We will be at our final destination
soon ...

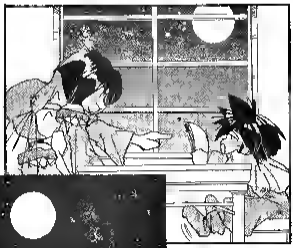
The moons....
are colliding
ton ght s the day when two s lver moons coll de
I wonder how they are do ng
beaut ful

Yeah ?
I heard the
holy power
ncreases
when the moons
coll de
good
work
yeah
I th nk
It s because
of that
I wanna
speak to
her

Is the
amulet
done ?
Yeah
but I felt
someth ng
d fferent
ton ght

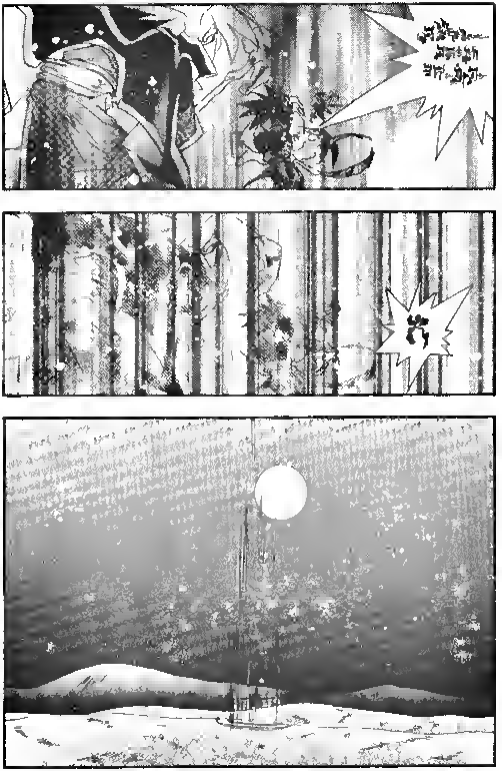






my God
Jurd

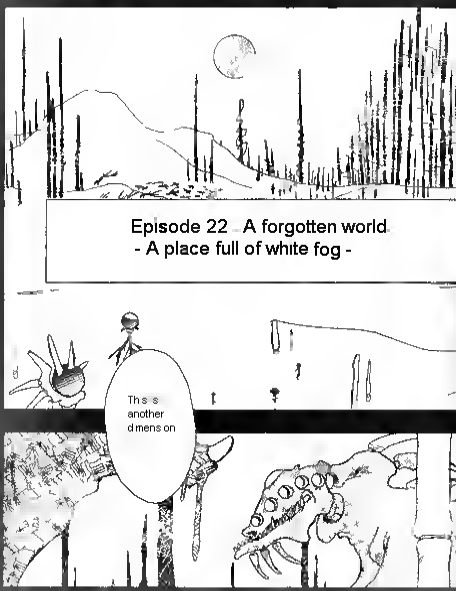
Jaminés
www.janimes.com



We borrowed moons' power to opened a gate to another dimension
I wonder how it will look like
Rc
My head is blank and all I can hear is my own heart beat
I have to open my eyes now
Erc
Hey, Eric, we are here
Eric!

Janimes
www.janimes.com

www.janimes.com



There's white fog all over the place
Ahah
Some of them are floating
Wow most of creatures are nothing like I've seen before
Don't leave the magic circle !

An apple ?
?

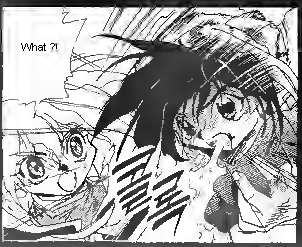
Th nk before you act !
Stupid ! Th s is not the world we lived in !
Seeing how the apple met and seeing the white fog. I suspect there is a high concentration of acid in the air. Our world is based on carbon. But this world is based on something else that requires acid to breathe
As I suspected it was a good idea that I cast a seal on the magic circle
Son you are speaking a language I do not undestand
Oh !
In short ... everything in this world is lethal poison to us ! We cannot survive in here.

Jaranes
www.jaranes.com

I just cast a thin layer of seal. You may leave the magic circle now.
However !
Until the time comes,
we have to defeat Diaboros and leave here.
yes, indeed.
It does have a time limit.
if we don't, we will end up like the apple.
When the two moons are separated completely,
The seal will be dispelled.

Because there s no guarantee that everyone s go ng to surv ve
Why now ?
Before we go I w ll explan how to act vate th s mag c c rcle and go back to our own world
I see
I see.
See the middle of circle ? You .....
Hm
Yeah !
Now we are ready. Let's go.

www.janimes.com

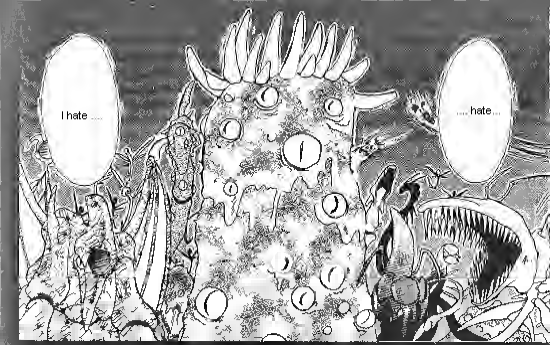


I see
Your body s
protected by the seal
But your soul s
reject ng th s unfr endly
env ronment
What s
wrong ?
Sion, I don't feel
so well. I feel
extremely dizzy
and feel as if
my stomach is
upset....
But
why
only
Eric ?
See
the cheek
expend
Get a hold
of yourself.
Get used to
it.
Because
Eric is an
ordinary
human
being.
hey
And
you do
have dull
nerve.
I am small.
So, I feel
fine.
Hey
Were you
born with
dull nerve ?

Jananes
www.jananes.com

Hey are you awake now ?
So
Can you stand ?
Let s go We don't have much t me

The one that always helped me was
yes
Here comes Sion !
Hiiiiya ! Get out of my way !
Those monsters
And it s st cky !
It s shoot ng eyes
D sgust ng !
Eric, can you move ?
Ah !
A little.



I hate ....
....hate...

What are they say ng ? 'I hate?' ?
Argh!

Eh ?

Thye used to live in our world !

Also that's what I came up with after analyzing ancient books
Ordinary creatures cannot survive in this environment. So, gods figured they would be extinct by sealing them in here.
However ....
the gods' prediction went completely wrong.
A long time ago when gods won the battle against demons the gods exiled them into this dimension
Like this
In order to survive in here, they destroyed themselves and regenerated to make themselves adopt in this harsh environment
ZOK
OK

Janimes
www.janimes.com

Ths place we shouldn't be here n the frst place
Arghl
Is ths why Son asked me to settle down ?
Are you all right?!
Sion
Eric !
Sorry ...
for getting you involved in this ....

I'd din't know the place would be such
You probably thought it'd be some kind of peaceful picnic !
sob, sob
He tortures me, but he makes me feel comfortable.
like that
I have no choice but to rely on Sion.

We may d e here r ght?
S on
And
Before any of that happens I must confess
I understand even if you get very angry
What?
I ve been ly ng to S on who has always took care of me
About what?
Sorry ...
I am a female.
What?

Come to thnk of it I have been the most self sh one
I couldn't have any dea how much Son wanted to ask what he had wanted to know for h s entre l fe
When we were n the shrine
And then I brought h m here where he sa d he d dn't want to go at f rst
I am so self sh
Just how much more w ll torture Son
I am a female
Sorry
and I led to h m all alone
But I was afra d that I m ght have to travel alone aga n I was afra d

janimes
www.janimes.com

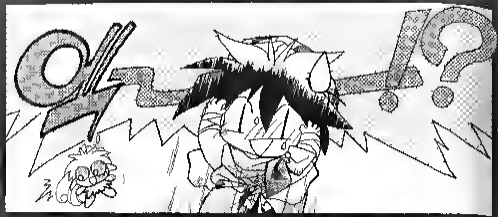
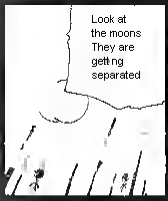
How can you take it so lightly it took all my guts to confess
I knew
Eeee

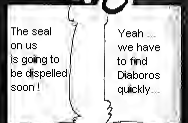




Look at the moons They are getting separated

What's going on ?!
Is Eric really a girl ?!
Si, Si, Si, Si, Si, Sion ?

Damn
Oh yeah
So on what else are you hiding ?



The seal on us is going to be dispelled soon !
Yeah ... we have to find Diaboros quickly ...

You also did not tell me anything about my brother back in Adbis
You almost had me again !

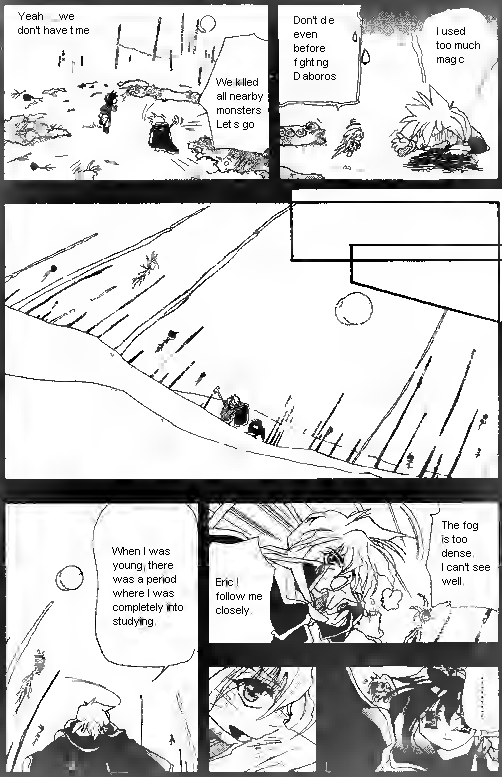
Oh yeah !
I did forget to
ask Sion about
my brother !
Oh !
Sigh
Don't you
think it took
you too long
to realize ?
Yeah,
some
thing
like
that
So
you
knew
it
all
the
time?
Could
it be that
my brother
told you
about me ?
Sion !

Mm
Because you were hiding it
If you knew I was a girl, why didn't you tlel me ?!
You were trying so hard to act like a guy that I had sympathy on you. That's all.
I also had to tell him that you were a girl. So, I kept my mouth shut.
If I had to explain the king everything,
In Adbis
So, he knew it all along ....
Now you mention it, you do look a bit feminine.
Argh
So, you are really a girl ?

You heard what people talked about my brother
You d d meet my brother
What
S on
What do you th nk S on
huh?
They are p ss ng me off

You have always talked about only Jurd
That was why I refused to talk
Why did you do that all the sudden ?
What ?
So that s why you wouldn't talk about Jurd
What ?
Oh— So S on has been jealous of Jurd!
What?
No you've got it wrong

www.jaimes.com



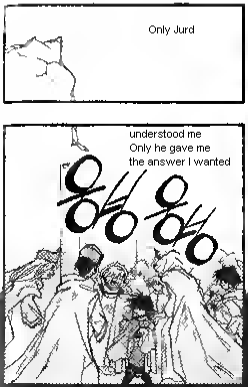
Yeah we don't have time
We killed all nearby monsters Let's go
Don't die even before fighting Daboros
I used too much magic
When I was young, there was a period where I was completely into studying
Eric I follow me closely
The fog is too dense. I can't see well.

Language, math, history, geographic may appear to be completely different set of knowledge, but they are connected to each other.
alien language
I found it amusing that I could understand objects in a form of words and numbers.
So, I studied magic.
Sion ?
And then one day
When I realized that the sensation
I read a lot of books as a result
It was really fun to study the art of magic
What is he doing ?!
This can't be
Sion!
Sire

My mana went berserk.
Why do I want to know more and why do I want to learn.
Universe chaos endless strings of information I have to step deep into each of endless spiral
I couldn't have know that studying magic would be such an absurd task
Why do I have the desire to learn
The more I know the more afraid I am
I didn't know the answer for myself at that time

You should forget about magic and concentrate on praying
Son You are tired from all the studying
I don't know what you are talking about
This is why I don't like wizards
And then a stranger suddenly appeared in the scene
No one had any idea of my philosophy They simply refused me even the king
Why do I want to learn
Why do I want to know
You
learn in order to reveal what you originally know

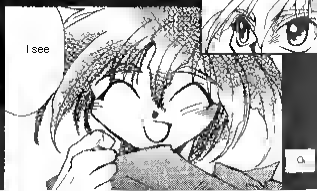
www.jaimes.com



Only Jurd
understood me
Only he gave me
the answer I wanted
Oh Oh Oh Oh

I w ll bel eve
my brother
as I know
too
Thanks
S on
That made
me comfor
table

No one
can change
my m nd
about that
He was one
really we rd
dude but I
respected h m
Is he compl ment ng or ?



I see

Ah
But I d sIked Jurd Er c
Eeek
Ah S on you are blush ng
No I am not
I don't care Whether cry or sm le you are the reason that I have to travel
When I first saw the child, she was really a fool.
Would you protect the child for me?
The child doesn't know anything.
Stupid Jurd asked me of some weird favor.
All she knew was little knowledge from the books Jurd read for her.
Having been living in a forest for entire life, she didn't know anything.
sob
But I felt d fferent as I traveled with the ch ld

I had also been n a small world called a castle
I d dn't know anyth ng other than what were written n the books I was literally the same as Er c
And when I realized that I felt ashamed
When Jurd asked me of the favor
H s real ntent on was probably to get me out of the cage and let me exper ence what s called world
So, that s all No more of Jurd story from me
shit I went too far
So I d sl ke h m
Yeah Hate to admit but he was better than me n every aspect

Jaminés
www.jaimes.com

I am still having a hard time to believe that you are a girl
Why did you pretend to be a guy?
Moreover
can you show me a proof of a girl?
That got me surprised as well
I want to ask Eric something
Because it was my fault that my brother died

All I could ever do was wait
I d d not ke that
If I was a man and was strong....
I wondered what I had done for me
I wanted to be a different me.
I couldn't forgive myself.
I could have traveled with my brother.
I can't eat carrots!

So, I began to use a fake name and changed appearance by cutt ng my har

Jamines
www.jamines.com

So you are really a fool ?
Say no more Er c Don't cry
You need to learn how to th nk
That was your reason ?
Honestly, what you did were useless stuff.
And it's not like that will bring Jurd from dead.
And no matter how much you change your appearance, it doesn't change your gender.
You'd have gotten him killed instead.
Did you really think you could have helped him even if you went on travel with him?

I sense a strong heart beat from there
What s it Rem ?

All we can do for now is walk toward the heart beat
Come to think of it, no more monsters are appearing
Daboros ?
Could be
Sion is so mean.
Hey, Eric, this is no time to be in a slump.
When you revenge Jurd's death and can forgive yourself,
Hey, Eric.

you can become Eria once again.
Sion even knows my real name.
And
I want to see the world with you.
We can travel once again to across continents and see more people.
But it can only be possible after we defeat Daboros
Yeah

... We are getting closer to it.
The heart beat is getting louder
Our visibility are reduced by the fog. All we can do is walk toward it.
I do not like this sound.

Janimes
www janimes com

Don't worry about me. Worry about yourselves.
Don't underestimate him, Sion.
He uses freezing and paralyzing breath So watch out
Diaboros has an ability to change his size and weight. He can be as tall as ten meter. He is a dragon with white eyes. He can speak human's language and uses magic
But Jurd was killed by a dragon?
Me, too. You know him well. Was it from the stone ?
I didn't know that I fear him more now
Yep

It's a big dragon

But in the future there will be an era where humans develop and use magic very well.

The mankind will eventually become an affluent society with their development of magic
But it's not only that
People will also begin to use magic for their own personal greed and such

www.janimes.com

There is your answer !
Argh !
Unlike the monsters that use magic to defend and survive,
Argh
Humans are greedy, dirty !
And as a result they w ll break the harmony of the nature and a total destruct on w ll occur

It s probably because of the mag c you posses
But you had the percept on to cast proper seal aga nst my attack to reduce damage greatly
And you also knew the future
How ?
You are different from any humans.
Aaack.
You must posses immense amount of knowledge and information as well as perception to support it.
It's only logical that you know what I know.
Well, you came this far.
Janimes
www.janimes.com

I want you to be my partner
I feel we share a great common
And proceed with my goal together
Amaizing
Another human like myself
Nope
And believe in them for a little.
Why don't you stop doubting your own kind for a second.

Believe ?
Grrr

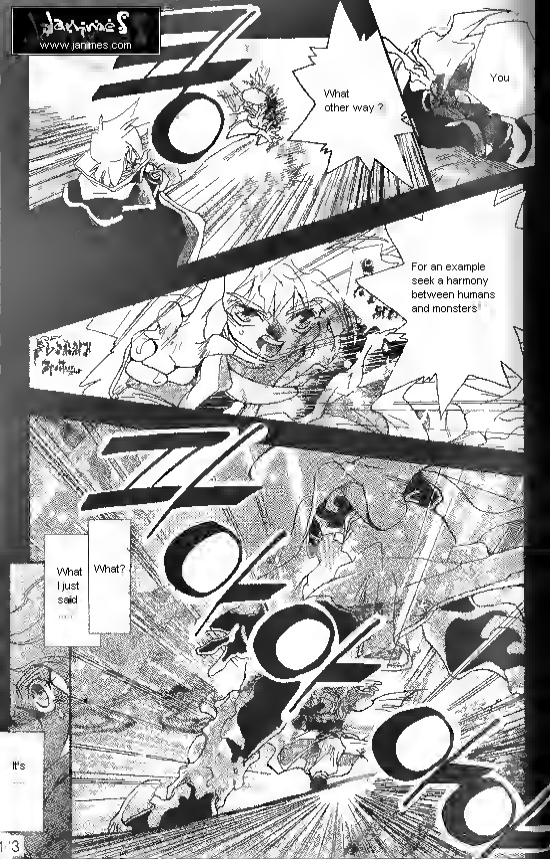
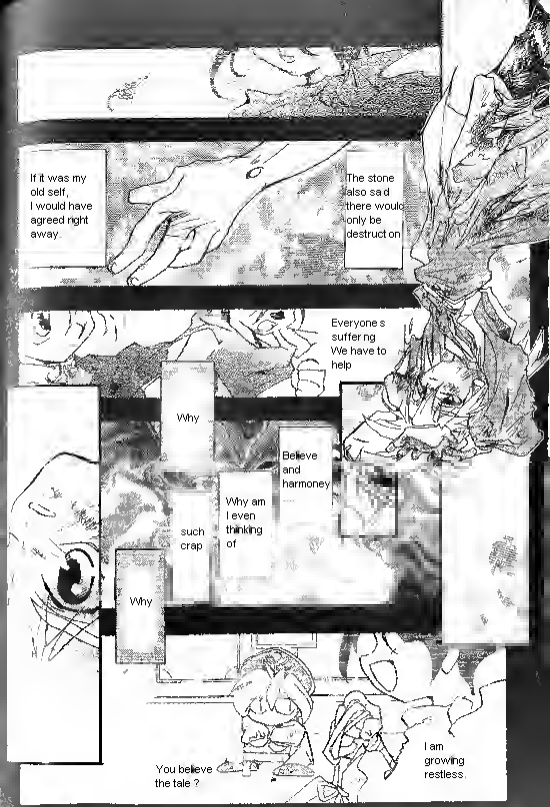
Do you think it's possible to believe in those with no hope ?
There is no need to l
He is ....awkwardly similar to someone I know ...
There must be something other than magic to unite the world.
Aaack! My eyes!

www.janimes.com

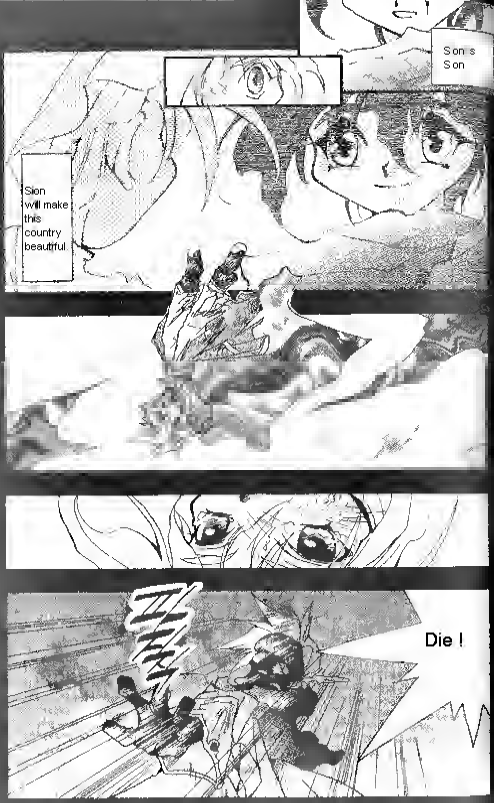


It's not possible, Jurd.
It's only possible theoretically.
A world without monsters does not mean peace. Harmony between light and darkness... that is what true peace is all about.
Harmony of two opposite things? That's only a dream.
I am saying what Jurd said.
I respect you, Jurd. But you need to separate reality from dreams.
It s not poss ble

I am ashamed to th nk that I even thought you as a fellow for a moment
Fool sh human
Do you th nk that s poss ble ?
Harmony of two opposite th ngs ?
He s me
Yeah He
Cough
S nce when I began to speak of such w shful crap
Come to th nk of it I ve become strange

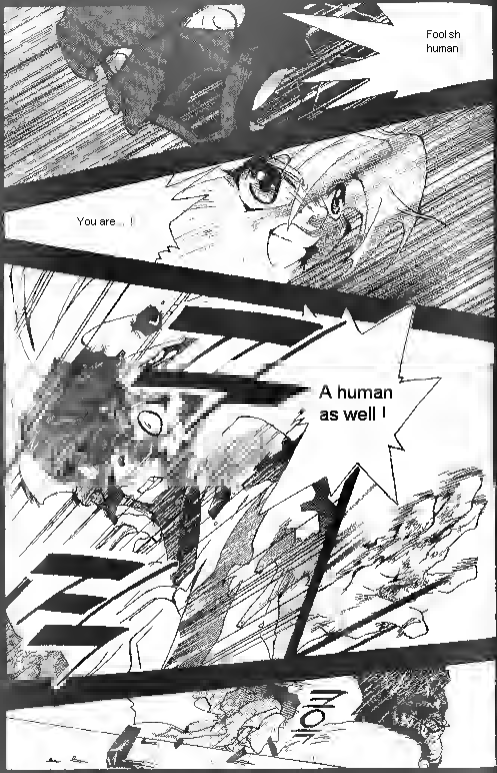


If it was my old self, I would have agreed right away.
The stone also said there would only be destruction
Everyone s suffering We have to help
Why
Believe and harmoney
Why am I even thinking of
such crap
Why
You believe the tale ?
I am growing restless.



Son is Son
Sion will make this country beautiful
Die !

!?
I don't need theories anymore !
I w ll defeat you anyway!
And then I w ll go on a journey with her



Foolish human
You are... !
A human as well !

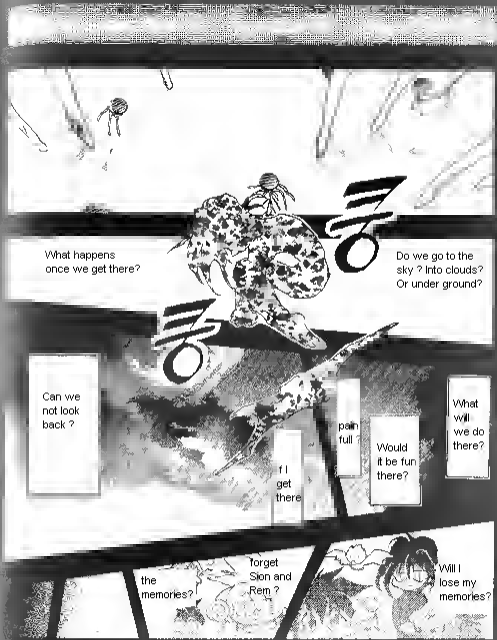
What will happen when we die ?



What happens once we get there?
Do we go to the sky ? Into clouds? Or under ground?
Can we not look back ?
pain full ?
Would it be fun there?
What will we do there?
If I get there
the memories?
Forget Sion and Rem ?
Will I lose my memories?
I am afraid.

Since it was a favorite
book from a hero's sister,
I figured the book was
about some great magic
or the kind of stuff.

protected her child from the sky forever.

and

...Therefore, the penguin's mother became a star.

This sounds just stupid. It's not making any sense.

What does Eria like about this book ?

She cries everytime she reads the book.

It s because everyone s a fool It s because they are try ng to understand me
I do not know what you are th nking
It s you people that made me l ke th s
I feel as f you are try ng too hard
Why don't you act more naturally ?
I have no idea what granny is worrying about.

Whenever I recall Eria, I feel as if my chest is stuffed and feel like I've got a cold.
I don't know.

It s d fferent from the reject on I get from other women Er a..s the only one that g ves me such a sensat on
No
Because the ch ld s a female?
I wonder why I am afra d of understand ng her ? Because she s so d fferent from me ?
I don't know
Why does only Er a g ve you such a sensat on?
I can't understand how she can cry from reading such a non-sense book
That's ...
What do you not like about her?
Slon, why ...
You can say it's stupid and can laugh about it. You can badmouth and feel her even.
But you are not on any side and are afraid of uncertainness.
Why ?

Be honest to your
own feelngs
If you don't
you w ll never
understand

... After that, whenever Jurd was staying in the castle, he told me about his sister..., about her not liking to study..., how her parents died ...
At some point my fear of the certain female was beginning to fade away I was getting interested in her

Yeah it was that time

Final Words from scanlator

Did you enjoy the series? I sacrificed 3 or 4 days of sleep to complete this scanlation
Here, I am going to talk about the three meanings that was mentioned in the review

The first meaning is given by the female wandering monk in Volume 1 "Go on with your path" or something like that

The second meaning is given by Erica in the Volume 2 It is when she told Son and Tritt about her own comparison regarding wizardry magic and holy power

The final meaning is given by Elz Ober and Sion in Volume 3 The main kind heading to destruction stuff It's the final meaning

You may find more meanings It is up to your experience and perception (I personally found 8 meanings including the major 3 meanings above) This series is a good exmaple of side stream manga
